

Adding ICD9 Codes to PowerOrders

Follow these steps to enter an ICD9 code on the *Order details* window after adding the order:

4. Type name (or code) in Search field.

Tip: It is helpful to select **Contains** (rather than **Starts with**).

5. Click **Search by name** button. (Or **Search by code** if code was entered.)

6. Click on desired name.

7. Click **Add to scratch pad**.

Term	Terminology Axis	Code	Terminology
Benign essential hypertension	Diseases & injuries	401.1	ICD-9-CM
