1 ▾ Hypertension	Medical	<input type="button" value="This Visit"/> <input type="button" value="Chronic"/> 3
2 ▾  Fracture	Medical	<input type="button" value="This Visit"/> <input type="button" value="Chronic"/>
3 ▾  Pain	Medical	<input type="button" value="This Visit"/> <input type="button" value="Chronic"/>
Fatigue	Medical	<input type="button" value="This Visit"/> <input type="button" value="Chronic"/> <input type="button" value="Resolve"/>
Pain of finger of right hand	Medical	<input type="button" value="This Visit"/> <input type="button" value="Chronic"/> <input type="button" value="Resolve"/>

► **Historical** Show Previous Visits

Steps:

- Use the search box on the upper right to search for your diagnosis / problem.
 - Note the drop down to the left of the box – this can be used to search for a “this visit” diagnosis, a “this visit/chronic” diagnosis for today that is also an ongoing problem you wish to add, or “chronic” for a problem you wish to add to the problem list only.
- If you wish to be more specific with a diagnosis, click the link  to change all unspecified diagnosis using the Diagnosis Assistant. Click the condition on the left and then select the criteria on the right for more specificity.

- Use one click to select (**This Visit**) for a diagnosis, (**Chronic**) for a problem, to place in the Past Medical History
- You can view and modify the details of a problem or diagnosis. For example, a comment can be added to a problem to be more specific.
