

Accessing PowerChart and Other Applications from a Personal Device

The following document will outline the process of accessing PowerChart and other applications from a personal device.

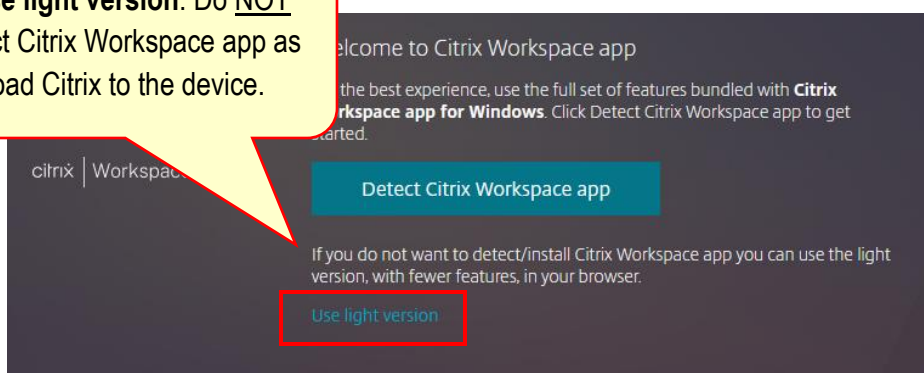

NOTE: Users should not download Citrix Workspace to their personal device as updates do not get pushed to non-MU devices.

1. Go to **iportal.umh.edu**. Do NOT use Google Chrome as users may experience issues accessing the platform.

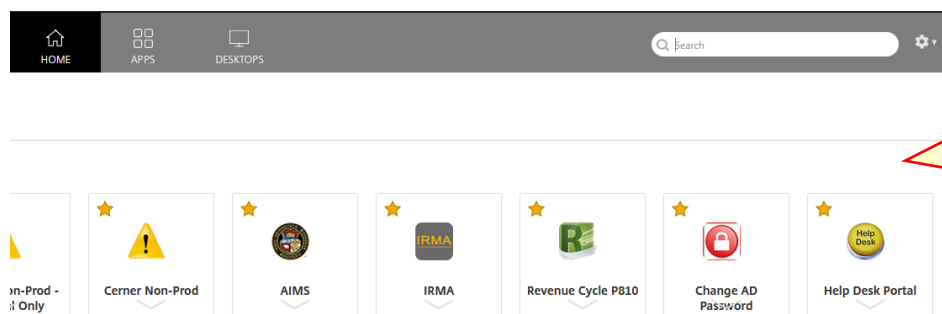

2. Login using **username@umsystem.edu** and **password**.

3. Select **Use light version**. Do NOT select Detect Citrix Workspace app as it will download Citrix to the device.

4. Select or search for **desired application** to launch.

Contact the **Help Desk** at **573-884-4357** for any issues accessing iPortal.
