

AIU Nurse ONC-REG Quick Guide

Once clinician updates the treatment clearance order and the patient has received an Okay to Treat status, the AIU nurse will activate the Treatment plan for that designated cycle.

AIU Nurse – Day of Treatment

1. Navigate to the **Treatment** orders.

2. Click the **Actions** drop-down and select **Activate**.

3. Click **Orders for Signature** and **Sign**.

AIU Nurse will go to the next cycle and initiate the planned scheduling orders.

4. Click on the next cycle **Scheduling (Day 1) (Planned)**.

5. Click the **Actions** drop-down, select **Change Start Date/Time** to update date.

6. Click **Initiate Now**.

The PSR staff will receive the initiated scheduling orders in their Revenue Cycle queue, and they will schedule the patient.
