

Fall 2019 Cohort Nurse Residency

Completion of Nurse Residency Seminars, Evidence Based Practice project, RN licensure for a year, attendance of two unit based shared leadership meetings, and completions of unit provided training are required for your advancement from Staff Nurse I to II. Monthly seminars run four hours and allow time to work on an approved EBP Project and reflection on your first year as a professional nurse. Experienced facilitators will guide Tiger Tale groups during the first hour of Seminars.

Seminar	Date	Start Time	Location
Immersion Week: 10/7/19 – 10/11/19

Seminar 12: EBP presentation, Surveys, and Celebration	8/14/20	0800	CED Center

It is your professional responsibility to mark your personal and unit calendars with these dates to ensure your full participation in each of the following events and completion of Residency. Please do not schedule State Boards or vacation during Immersion week or monthly seminars. As stated on your commitment form, you should **not** work the night before Residency Seminars; **please request off accordingly**. If possible, absences and make-up classes should be planned before missing the scheduled Seminars. In the event of an unplanned residency absence, please call into the MUHC staffing office (882-8075) **and** CED (882-4161) front desk prior to the start of the seminar.

Please check your Email and SABA Learning Plan regularly, as Nurse Residency updates will be announced via email and SABA messages (including dates, times, & locations). You can also check the CED Website/Clinical/Residency for class information. Please do not hesitate to contact us with questions! Center for Education and Development – 573-882-4161.
