

Directions to the Quarterdeck Building Computer Labs:

These labs are located in the Quarterdeck Building at 2401 Lemone Industrial Blvd.

When you arrive at the Quarterdeck Building:

- Park in the North lot, or the East lot of Quarterdeck and come to the main entrance on the North side of the building. This is the only entrance where visitors can be let into the building.
- If no one is walking in at the time you are walking in, step inside the first set of doors, then call 884-8626 and let us know that you're here for CED training. A remote device allows us to open the door for you to come in.

For QD018 or QD019:

From the Main Entrance, proceed down the stairs, or take the elevator to the lower level.

1. Enter the office area using the South East glass door. (Exiting the elevator, the East side will be to your left.) This is a secure area and the door will be locked.
2. Go to the right and **walk along the windows** to the back corner of the office. The labs are along the back wall. (Please proceed through the office area **quietly**.)
3. The computer labs are located in the South East corner of the office area and are clearly marked **QD018** and **QD019**.
