

Adding Images in Dynamic Documentation

Images are able to be added to Dynamic Documentation using tagging from the Workflow page. Single or multiple images may be tagged to include in the note at a later time.

1. In Workflow, click on or scroll to the Media Gallery component
2. Click on image(s)
3. Click on Tag button OR right click and select Tag

1. In Workflow, click on or scroll to **Media Gallery**

After images have been tagged; open Note template. The images will populate on the left clipboard. Drag and drop each image into the desired section(s) of the note. Images may be moved around to different sections of the note if desired. Text may be entered below an image.
