It is your professional responsibility to mark your personal and unit calendars with these dates to ensure your full participation in each of the following events and completion of Residency. Please do not schedule State Boards or vacation during Immersion week or monthly seminars. As stated on your commitment form, you should **not** work the night before Residency Seminars; **please request off accordingly**. If possible, absences and make-up classes should be planned before missing the scheduled Seminars. In the event of an unplanned residency absence, please email the residency email.

Please check Teams regularly, as Nurse Residency updates will be announced via Teams posts (including dates, times, & locations). You can also check the CED Website/Clinical/Residency for class information. Please do not hesitate to contact us with questions! Center for Education and Development – 573-882-4161.
